TITANIDE CONSULTING GROUP

"Converting regulatory complexities into your competitive advantage."

At Titanide, we understand that compliance is a people first business. Centering every engagement on this belief, we enable our clients to cultivate not only robust risk management programs but also a culture where those principles guide everyday action.

WHAT SETS US APART

We implement a Focus-to-Impact continuity framework that:

- Translates complex, ever- evolving mandates into actionable, data-driven remediation plans.
- Secures cross-functional buy-in, converting compliance investment into tangible, value-based growth.
- Champions equity-conscious leadership, weaving DEI metrics into every governance layer ensuring accessible, effective initiatives.

OUR CORE FOCUS

- Risk Assessment & Remediation Scope considerate evaluations that uncover operational, technical, third party and regulatory gaps.
- **Corporate Compliance Governance** Comprehensive fractional leadership providing guided remediation and proactive oversight while safeguarding enterprise value and stakeholder interests.
- **Strategic Planning** End-to-end disaster-recovery planning that accelerates incident response, sustains operational resilience, and preserves critical services in the face of disruption.
- Scalable Solutions Customized solutions developed to launch new programs or integrate seamlessly into existing ones, designed to meet the needs of your organization as it stands today while preparing you to scale towards your strategic vision.

WHO WE SERVE

Regional & Rural Healthcare Systems Federally Qualified Health Centers

Physician & Specialty Practices
Healthcare BPO & Call-Center Providers

Capability Statement

MEET OUR PRINCIPAL CONSULTANT

Kelly Menefee Okpala's career spans more than a decade of guiding healthcare systems, FQHCs, and corporations through audit-ready transformations that protect both revenue and reputation. She excels at unifying compliance, cybersecurity, and operational resilience into scalable, data-driven programs that convert regulatory burden into strategic advantage. Certified as a Corporate Risk Manager, ISO 27001 Lead Auditor, Continuous Improvement Manager, Lean Six Sigma Black Belt, and Healthcare Compliance Professional (CHC), Kelly also leverages SCRUM and Agile frameworks to accelerate delivery of high-impact initiatives across clinical and IT domains.

Al Tools & Digital Products

Kelly is the proud developer of several cutting-edge digital solutions for modern governance and compliance of which include: Titanide's flagship products include **TITANIS™**—our proprietary Al-powered GRC platform that streamlines risk management, audit, and compliance operations for enterprises of all sizes—and <u>KJ Advisor</u>™, a digital executive companion providing 24/7, real-time compliance guidance and strategic support.

Beyond the Office

Mentor, writer, and Gulf Coast explorer, Kelly is committed to elevating under-represented entrepreneurs and fostering resilient communities.
